

News from the Branson/Tri-Lakes Area Scroll Saw Club

Club Est. 3/2003
Issue: Feb/March 2004

Editor: Heidi Lefebure
halefebure@ualr.edu

Come join us and talk shop!!

March Meeting Info:

- There will be two main topics for discussion at the next meeting. First will be the discussion and changes/corrections to the proposed by-laws. Please be sure to read over them before Saturday! Thank you, **Jim Atkinson**, for pulling these together for the club!
- We will also be discussing alternatives for purchasing custom-made T-shirts for the club. Be sure to bring your info if you were planning on checking with a local company. In order to have the T-shirts before the picnic, we will be making a decision at this meeting about where to purchase them.

Notes of Interest:

- The club now totals 27 members!! There were 19 members and 7 visitors at the recent meeting.
- Got something to donate for the door prize raffle? Be sure to get it to **John Russwurm** before the meeting begins on Saturday!
- If you are interested in the latest updates to the lending library or interested in borrowing a book, etc, then you will want to talk with **Dennis Collins**. If you have any additions for the library, be sure to talk with him!
- Don't forget the Show'N'Tell table! Bring those recent projects to show off and discuss with the group.
- Please let **Gail Jennings** know if you have thoughts or ideas for future meetings!

New Club Fundraiser:

- The new club fundraiser went well at the February meeting! The club raised \$25 from the sale of door prize tickets. Thanks, **John Russwurm**, for all your help with managing the door prizes!

February Meeting Tidbits:

- Thanks **Judy Cataline** for checking on having club shirts made up! You sure got the ideas flowing! And thanks too for showing us the possibilities of using the software program **Woodtrax** for text in wood designs. **Carole Jennings** announced that the publisher of **Woodtrax** will be at the Branson picnic in July. So save your pennies!
- Thank you, **Gail Jennings**, for showing us those terrific bow sanders! Please let us know how that wood support works in practice.

Check out the website:

- The website for the club is up and running - finally! Check it out at:
www.ualr.edu/halefebure/bransonss.htm.
